The Excel Classroom MHT-CET Program aim at providing the students a right direction such that they do well in the MHT-CET [Engineering/Pharmacy] Entrance Examination as well as their 12th Board examination. The course gives emphasis to the basic fundamentals of PCM/B as per the Maharashtra State Board Syllabus, thus will help sharpen their analytical skills and parallel thinking process which will make them capable of creatively resolving complex and tricky problems by mere application of the basic concepts for a quantum jump in their performance. The course is conducted by well experienced and dedicated Spectrum's CET faculty team, who have consistently given Top MHT-CET Results in the last 4 years.

Students will be provided with MHT-CET printed important notes and Practice MCQ's. Also, the program will include frequent part and full MHT-CET pattern tests in online [Computer Based Test] Mode. It will help students refine their approach for the exam and also help them get an actual exam experience. The tests will be followed with in-depth discussion of each and every question which will help the students to figure out the area of improvement and thus better their performance in the next test.
